

MEETING ALERT!!!

MEGA-BILLBOARD PROJECT CITY MEETING

July 21st @ 6:30PM

ZOOM LINK: <https://zoom.us/j/91416227299>

Please join our fight against the proposal for a hulking, traffic-generating **90-foot office tower**, wrapped in an enormous **13,900 square foot electronic screen**, proposed for the corner of Cory and Sunset, formerly the historic Hornburg Jaguar dealership. **That's an electronic billboard larger than an Olympic-sized pool in our neighborhood!** This terrible proposal is continuing to chug along and is currently going through the legally-required environmental review process called an Environmental Impact Report (EIR) and there will be an upcoming "Scoping Meeting" for the community to provide their input on this project on **July 21st @ 6:30PM!**

SHARE YOUR CONCERNS ON THE PROJECT!

WILL YOU BE ABLE TO SLEEP AT NIGHT WITH THIS BLASTING LIGHT INTO YOUR HOME?

Please contact the West Hollywood City Council with your concerns regarding this project and attend the upcoming meeting!
